

**COSMIC HOMELAND**  
**HERE I COME**  
(Sung to "California Here I Come")

**Note:** All harmony part pickups are printed in **BOLD** type

When the cosmic winds are blowing, and the  
meteor showers start to fall **Start to fall**

Then my eyes turn skyward knowing that it's space  
I love the best of all **Best of all**

Cosmic homeland I've been blue \_\_\_\_\_

Since I've been away from you \_\_\_\_\_

I can't wait till I get going, even now I hear the countdown call \_\_\_\_\_

(Chorus)

Cosmic homeland here I come \_\_\_\_\_

Right back where I started from **I'm go-ing back**

Where comets and meteors rival the sun \_\_\_\_\_

**Where** the stars shine in daytime planets pass us one by one

Hear Captain Kirk say "Don't be late"

Mister Spock can hardly wait \_\_\_\_\_

All aboard don't hesitate \_\_\_\_\_

Cosmic homeland here I come \_\_\_\_\_

**My good friend** Captain Kirk said "Don't be late",

Mister Spock can hardly wait \_\_\_\_\_

All aboard don't hesitate

(TAG) **I'm on my way**

Cosmic homeland here I come \_\_\_\_\_

**I'm on my way**

Today , right through the Mil-ky way

Cosmic homeland here I come.
