Leadership Development Committee Report

August 2022

The Leadership Development Committee met via Zoom eleven times throughout 2022, most recently on September 28, 2022. With input from current and past M-AD Board members, past district presidents, district Operations Team members, chapter leaders and district members, the committee has developed and maintains a list of potential members who may be called upon to serve the District, now or in the future. From that list, and in consultation with current DP Ig Jakovac and EVP Steve Kirsch, this committee proposes a slate of officers and directors for the House of Delegates to consider at its upcoming Fall meeting. All the candidates below have been contacted, all have indicated their willingness and eagerness to serve the District, and all understand the process of how a slate of nominees is developed.
